

RISE UP TO HELP.

Maricopa County is taking action with Valley of the Sun United Way's Operation Uplift – a community-wide movement to inspire thousands of volunteers across the Valley to Rise Up.

Operation Uplift serves a variety of communities across Maricopa County. We will be hosting monthly volunteer events leading up to the celebration of National Volunteer Month occurring in April.

Rise Up for a community-wide movement of volunteerism and meaningful connections to transform Maricopa County into a community of action through several service opportunities meeting the most pressing needs. Rise Up to strengthen schools, grow local food systems, and first listen to the community, then lace up our shoes and get to work.
