

# INTERVIEW KIT

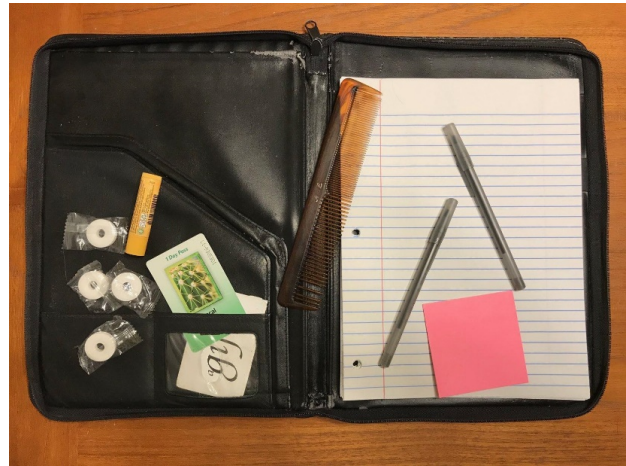

## Interview Kits

**Providing preparedness with just a few items!**

Preparing for an interview without having any current source of income can be stressful. With the help of just a few small items, an applicant can go from feeling worried to feeling professional and prepared.

Some things you could put in an **interview kit** to help new or returning job hunters include:

- Comb
- Mints
- Chapstick
- Pens
- Post it notes
- Notepad/padfolio
- Bus pass
- Food gift card
- An encouraging note

Helping with these small things can make a big difference for someone looking to get on their feet or entering the workforce for the first time. These kits will be distributed through our community partners to high school students and adults looking start or restart their careers.

**THANK YOU FOR YOUR SUPPORT!**
