

PAPER OUR SCHOOL

Paper Our School with Positivity Support a local school with positive messages!

You and your group can adopt a school for a writing project.

The Activity

Words can be very powerful, and one of the times they can really make a strong impression is when we are encouraging others. Your team can take on supporting an entire school with letters of positivity. Partner with a school in Maricopa County to provide letters to all the students in all of the classes. The goal is to provide enough letters to cover every student and every grade. Work with United Way to identify a local school and number of students.

Share your love a particular school subject, share a story of a great memory, encourage students with your words.

Remember, not only will they receive the note initially, but they can save it and enjoy it again and again. It is a generous and thoughtful reminder that someone cares and supports them from their community.

Guidelines

- Letters should NOT BE SEALED up
- No religious references
- Should be gender inclusive
- Letters would be written to a particular grade level student, not to a specific student

THANK YOU FOR YOUR SUPPORT!
