

## REFERENCES

### EDUCATION

- In 2023, 35% of Arizona students (grades 1–8) were chronically absent, up from 13% in 2019. Currently, one in three students is regularly absent from the classroom, signaling a growing issue.
  - Source: (<https://www.abc15.com/rebound/state-of-education/az-group-working-to-address-chronic-absenteeism-in-schools-releases-recommendations#:~:text=About%2035%25%20of%20Arizona%20students,in%20Phoenix%20headlines%20any%20time>.)
- Opportunity Youth are individuals aged 16–24 who are neither in school nor employed, often experiencing poorer health, greater reliance on government aid, and a higher risk of criminal activity. In July 2024, employment was 54.5%, a slight decrease from 55.0% in July 2023

### WORKFORCE DEVELOPMENT

- It typically takes formerly incarcerated individuals at least six months to find a job after being released, and still large employment disparities for formerly incarcerated individuals exist due to immense hurdles, with national unemployment rates higher than 27%.
  - I was told this stat came from Ryan.
- The annual cost of childcare in AZ per year is: Arizona (infant \$14,040), \$12,662 (toddler), \$10,920 (4 year-old). This is 21-27% of the typical salary in Arizona.
  - [Daycare Prices Near You, a State-by-State Guide | Procare](#)
- Used that data to estimate the 15,000 people to be released from state prisons (vs. the 35,000 number previously in the Scorecard).
