WHAT YOUR DOLLARS CAN DO

\$2 per week assists food banks in purchasing more than 624 meals for individuals experiencing food insecurity.

\$10 per week provides approximately 14 ready-to-eat meals to a student receiving WeekEnd Hunger Backpacks.

\$20 per week allows a case manager to train as a Financial Coach, providing them with the tools they need to assist 40 families annually to become financially stable.

\$50 per week moves a chronically homeless individual off the streets and into an apartment with the supportive services needed to begin the journey to self-sufficiency.

\$100 per week provides 176 nights of emergency and transitional shelter for individuals experiencing homelessness.

A gift to the Helping the Working Poor Fund supports life-changing impact. In addition, it qualifies for the Arizona Charitable Tax Credit using QCO Code 20726 and the name of the fund.
